Miss Taylor Wins \$10 in Gold.

First Count Made and \$10 in Gold Awarded.

Miss Etta Turner a Close Second With 9,225 Votes to Her Credit. Many Other Stand in Good Order.

Read Big Bonus Offer Good Until Next Count February 15th.

Saturday, Jan. 11th, marked the close of the first lap in the Big Climax and Merchants Voting contest, when all votes were taken from the Ballot-box in this office and carefully counted by the official contest and the editor assisted by the contest representative, who worked hard to determine the winner of the \$10.00 in gold.

Many thousand votes came into the office during the last few days and this contest promises to be the most lively voting plan that this section has ever had, as it was impossible to tell who was ahead and even to the editor the contents of the ballot box was an enigma, and during the entire count it was a close and interesting race between the leaders. When the totals were struck, it was found that Miss Laura Taylor was winner of the \$10.00 in gold, having made the highest vote up to date. It was noticed that the high vote that Miss Taylor attained was secured by the close observance of the "Special Bonus offer" which means many extra votes when they are brought in in clubs of seven. Every CONTESTANT should study over the rules of the contest and vote every coupon so that she may get all the votes due her.

On February 15th, we will open the ballot box again and in order to make

this contest worth while and especially interesting to every contestant we will award Two Special Prizes in Gold, as this count has more than come up to our expectations.

\$10.00 IN GOLD will be given to the lady who makes the greatest gain during the time between the first and second counts.

\$5.00 IN GOLD. \$5 in gold will be given to the lady who makes the second greatest gain between the first and second counts. This makes fair to all and the lady who has only 25 votes stands an equal chance to win one of these gold prizes with the lady who already has many thousand votes, as it goes to the one who makes the greatest increase and not to the one who may have the highest grand total at the time of the second count.

With a beautiful \$400 Piano and all the other valuable prizes that will be distributed, this is worth your while and even to win the gold we offer in itself worth going out and getting every obtainable coupon. We wish to instruct all voters that in depositing votes to be sure and vote all tickets in accordance with the following bonus offer, which will be positively the largest bonus offer that we will have to extend at any time on clubs of seven subscriptions.

For every (7) years of New Subscription 10,000 extra bonus votes, making a taking a total of 14,000 votes.

For every (7) years of Renewal Subscription 8,000 extra bonus votes, making a total of 11,000.

For every (7) years of Back Subscription 5,000 extra bonus votes, making a total of 8,000 votes.

For every bunch of (40) Merchants Coupons 500 extra bonus votes will be given, making a total of 1,500 votes.

Study the above bonus offer and see just how many votes you will be able to turn in for the next count and try hard and win one of these special prizes and be in good position to win the Piano on the final count. The following is the result of the count made Saturday, Jan. 11th:

Laura Taylor	9,500
Etta Turner	9,225
George Walton	8,875
Mrs. Minnie Terrill	8,025

Surely Banishes Catarrh.

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs, and colds HYOMEI is sold on money back plan by B. L. Middleton. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEI if afterwards needed, only 50 cents. Just breathe it—no stomach dosing.

Normal Boys Meet Waterloo.

The Lexington High School boys came over Friday night and defeated the Eastern Normal Basket Ball Team by a score of 18 to 10. The game was a hotly contested one from start to finish and was a much closer contest than the score indicates. The line-up was as follows:

Normal.	Position.	Lexington.
Stanley	Center	O'Reilly
Broadus	Guard	Byers

Wm. M. Layson, of Millersburg, sold to Jones Well, of Lexington, 18 head of fat cattle, averaging 1,175 pounds, at \$3.25 per hundred pounds. The stock will be loaded at Millersburg and shipped to New York City.

"Flying Cloud," a gelding 30 years ago well known as a trotter, died last week at the age of 33 1-2 years, on the farm of his owner, Martin Jevae, of Minneapolis, near Medicine Lake, Minn. Veterinarians declare that seldom has a horse been known to live to an age greater than 35.

W. P. Kincaid, of Stanford, has purchased over 1,000, 000 pounds of tobacco in Gray, Lincoln and Bay Counties at an average of \$15 per hundred. The highest price paid was \$23 and the lowest was \$10. The weed was purchased for a Louisville concern and is being shipped to that point.

W. C. Carpenter bought of various parties 110 hogs at \$3.00. He bought of J. D. Whitehouse a car load of lambs at 6 1-4 cents. J. L. Hutchins bought 41 150-pound hog of C. P. Cecil, Jr., at 7c per pound. He bought of L. P. Vandall 44 140-pound hogs at \$0.90 per hundred. Jordan Carpenter sold to Sam McDowell, eight 670-pound yearlings at 6 cents.—Danville Messenger.

A Marriage Mix-Up.

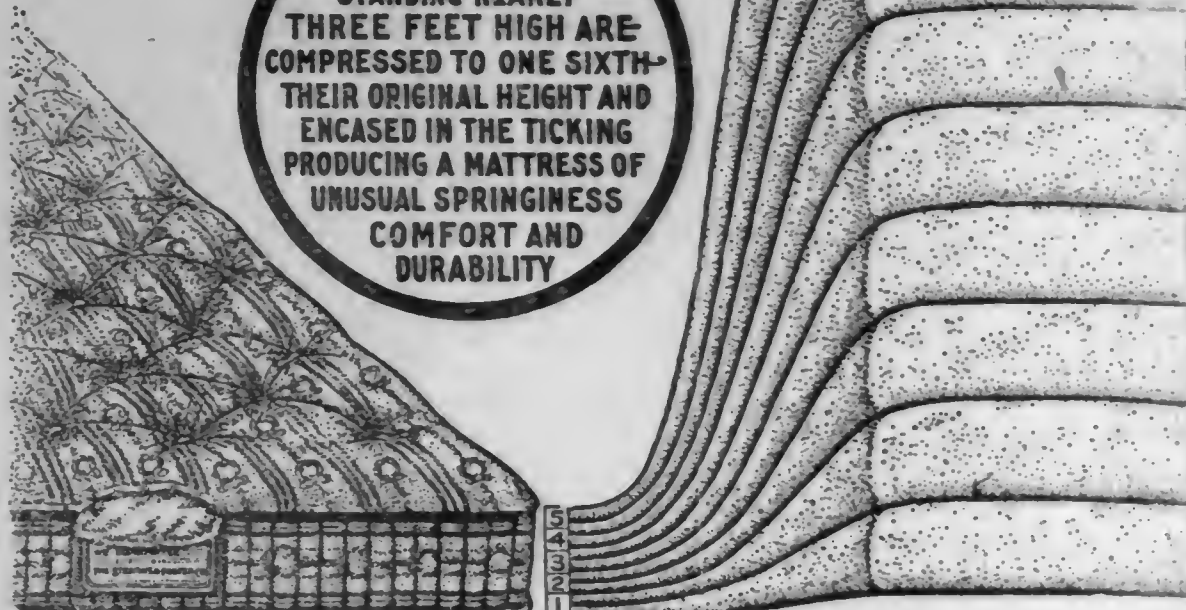

The editor of one of our exchanges tells an amusing story of a typographical mistake in connection with a marriage notice which came in his experience. The story runs thus: The bridegroom was a man by the name of Gunn, whose father, Abraham Gunn, was a leading citizen. The editor wanted to give the young people a good send-off, but turned in the copy and trusted to a drunken printer and a drunken proof-reader to see that it got into the paper all right. The next morning he read the announcement, headed "Gunsmith." The girls name was Smith. The notice went on to say that the blushing bride was becomingly arrayed in a dress of "white mule" instead of "white mull," and she carried a large red "nose." The copy said "nose." He had written in regard to the groom that he was "the well-liked son of A. Gunn." The compositor set it up "the well-eyed son of a gun." The editor fired both the compositor and proof reader, but just the same he was never able to square it with either the bride or the groom, or old man Gunn.—Exchange.

TUESDAY, JAN. 14 1913

In 1895 Florida had a severe freeze and for seven long years the various citrus crops were spoiled. In fact the freeze was so severe that many of the trees were killed. This killed Florida for the time and property went down to such an extent that it could be bought for a song and orange groves could be had for the asking. In fact many people made an effort to sell their holdings but moved away, seemingly glad to get off with their lives. Time went on, orange trees were set out, and in time they began to grow and bear their golden fruit. The trees continued to bear and Florida today is in a most prosperous condition. Her people are happy and contented and those who are striving are making a good living. It is a veritable land of delight with the greatest climate in the world. California has just experienced what Florida did some seventeen years ago and her people are about as blue as the Florida was under similar circumstances. The freeze last week did over \$25,000,000 in damage to the citrus crops of the Golden State and many of the trees were put out of commission. This will require the setting out of new trees and it will take six or seven long years for the State to get back where it was as a fruit-growing country. California has probably fared to the front faster than any other State in the union and while this setback will cripple her, the State of wonderful resources will continue to remain on the map and in time the freeze of 1913 will be forgotten. The meantime we opine the Florida is laughing in his sleeve, for the California freeze means a big advance in oranges, grapefruit, tangerines and the like and the Peninsula State has an immense crop. It means an advance of probably a dollar on the box, probably more, which spells many million dollars to her growers. What one man's loss is sometimes another's gain, and it is the test of manhood and the Christian spirit who gain and that loss are accepted. In proportion that Florida is fortunate, she should be charitable, just as courage and optimism are demanded of the man of the West. If either party fail to live up to this standard, it seems but more grief brought to the mill of the Gods.

SEEMS to us that Judge Benton, who is trying the alleged assassins of Ed Callahan, did the judicious thing in stopping the trial for a while and letting the grand jury take a whack at those witnesses who were swearing all sorts of ways in those cases. A few of them sent up for perjury would have a salutary effect and would doubtless materially aid in meeting out justice to the guilty gang, whom we verily believe brought about the death of Callahan.

DESPITE all the vehement denials of Fritz Scheff and her author husband, John Fox, Jr., the divorce suit of Miss Scheff goes merrily on in New York City. The story is in spite of the young woman's positive denials. It is to be believed that Miss Scheff's denial was based upon an understanding that both sides to the suit should keep it a secret.

Precinct Committees to be Elected Saturday

At the last meeting of the State Democratic Convention, the Democrats of the State, through their representatives adopted rules requiring Democrats to meet at their respective voting places on the third Saturday in January, 1913, which is the 18th, at 2 o'clock p. m., and elect Precinct Committees. The sections of the rules above referred to are as follows:

Section 19. Said precinct committees shall be elected on the third Saturday in January, 1913, and shall be residents of their respective precincts. The Democrats of this State shall meet at various voting precincts at the hour of 2 o'clock p. m. (standard time) and proceed to the election of a committee to serve until his successor shall be elected by order of a succeeding State Convention. The retiring precinct committee shall call their respective precinct mass meetings to order and shall preside until the mass meeting shall elect a chairman. The chairman of the precinct committee shall call a meeting of the precinct committee to order and shall preside until the precinct committee shall elect a chairman. The chairman of the precinct committee shall call a meeting of the precinct committee to order and shall preside until the precinct committee shall elect a chairman.

SOME smart Alecks have started the report that the Climax has lined up for Gov. J. C. W. Beckham for United States Senator. There is no scintilla of truth in the report. The editor of the Climax has no axe to grind nor favors to ask, is as independent as a hog on ice and proposes to use its own pleasure when choosing between democrats, but you can bet your last dollar it will be found on the democratic side in season and out working for the party of parties.

By Hoke Smith's after a cabinet position again and stands a mighty good chance of getting it. The big Georgian served in Cleveland's cabinet and made good. Should he go in the cabinet he will have served in less than two years as private citizen, governor, United States Senator and cabinet officer. In street parlance, that's going some. But then Hoke Pokey knows the galls and has the gall to go after things.

It was testified to in New York City the other day that the First National Bank of that city has made profits amounting to more than \$80,000,000 since its organization. This is over 18,000 per cent. George F. Baker, a partner in the firm of J. P. Morgan & Co., gave a list of his holdings in bank and opposed the plan to give publicity to the assets of national banks.

The State bacteriologist of Mississippi makes the announcement that he has directly traced the germs of diphtheria from dogs and cats to human beings. Children playing with the "gisterperd" and the "smuffling" cat have in several cases contracted the disease. Another ban upon these household pets.

The death of James A. St. Clair at Boston, caused 3,000 telephone girls of that city to discard the long hatpin, one of which had brought about his death. A splendid decision and one that should be acted on till these dangerous weapons are laid aside.

The increased price of gasoline is probably heard on automobile garage men and owners than any other class. It is claimed that one cent on the gallon means a "loss of \$10,000,000 a year to the automobile."

MARRIED

Jerry Farthing and Miss Della Castee, both of this county, will be married on the 14th.

John Blakeman and Miss Leatha Parrish, of the Valley View section, were married Monday.

William Griggs and Miss Sallie R. Smith, both of the Newby section, were married Monday.

Announcement cards of the marriage of Miss Ruth Watson, of Conestoga, Pa., and Mr. John S. Van Winkle, of Danville, who were married last Saturday evening at the home of the bride's parents in Conestoga, have been received by relatives and friends.

Miss Della Hale, aged 17 years, daughter of Mr. and Mrs. Jesse Hale, of near Richmond, and Emmet Millon, aged 20 years, son of Mr. and Mrs. Hamon Millon, of Whitlock, surprised their friends by eloping to Jellico Thursday night where they were married—Sower's Gating Gun.

On February 1st Miss Anna White, the charming daughter of Mr. and Mrs. John F. White, of this county, will be united in marriage to Mr. Carlisle of Columbus, Ohio. The prospective bride is one of the prettiest young women of the county, is highly cultured and very popular. Her husband-to-be is a prominent business man, the Buckeye State, who has made friends of all of our people whom he has come in contact with while on his several visits to see Miss White. The wedding will be a quiet but very elegant affair.

Good Sales at Both Houses. The loose leaf market was rushed yesterday, both houses selling near their capacity. The quality on hand was practically all number one grade, several hundred pounds selling as high as \$45 per hundred, while the lowest price was \$32 per hundred. The net average was \$38.50 per hundred. A lot of 200,000 pounds passed over both floors. Good sales were held at both houses.

Another Tobacco Warehouse. Mr. Edgar Dixon, of the Blanton-Crompton Lumber Co., sold today to Messrs. I. M. Hume and W. E. Luxon a lot 65x60 feet, lying on the L. & A. tract and opposite the Madison Tobacco Warehouse. We are informed that the buyers will build a large tobacco warehouse on the ground, which will give Richmond three houses of that kind. Enterprises for this good city are coming so rapidly that it is hard to keep up on them all.

In remitting for her copy of the Climax from Biloxi, Miss, Miss Fannie Watts, formerly of this city, says: "I enjoy the Climax very greatly and will always want my old home paper."

Manager W. P. Baxter, of the Grand Opera House, will go to Covington in the morning to attend the directors' meeting of Kentucky Branch No. 2 of the Motion Picture Exhibitors' League of America. After the business meeting several hours will be given to "taking in the town."

Miss Lucy Walker, of Richmond, has been the recent guest of her cousin, Miss Alice Kliney, Mr. A. F. Sanders was in Richmond for a short stay. Miss Eunice Prather is in Richmond visiting relatives.

Miss Jennie Rankin returned to her school at Richmond—Lancaster record.

Miss Katherine Park, daughter of the late Judge W. W. Park, of this county, Miss Mildred Brown and daughter, Miss Kate, of this county, and Miss Lee Maupin, of Waco, Tex., have returned for Florida. Mr. Maupin, on his way to Richmond, while the others will go to Deland, where Mr. Maupin is in business.

Col. W. P. Walton, of Lexington, the veteran newspaper man, was in Richmond for a few hours Monday. Col. Walton is secretary of the Citizens' League, a national currency reform movement—the object of which is to seek the aid of Congress in passing a law prohibiting Wall Street and the money powers from hoarding up money and causing the panic which came upon us every decade or so.

Mr. Clarence E. Wood, editor of the Lake Estate, Fla., Lake Region, has been in his old home city of Richmond for several days past. He was royally received by his legion of friends who were delighted to have him among them even if for a little while. Mr. W. is well known as "Major" Wood, having served Richmond most faithfully and efficiently as its mayor some three or four years ago. He is now a resident of the "Land of Sunshine and Flowers," as Florida is frequently called, and is highly pleased with that great State. He thinks Florida the future great and believes as many do that it is only a question of a few years until every acre of ground there will be put to good use by the great population that will gather from all parts of the country. Editor Wood is in splendid health and is a good advertisement of his adopted State.

"Mr. Bob." "Mr. Bob," a refreshing farce comedy, will be presented by a company composed mostly of local talent at the opera house on Friday, January 10th, likely the 4th. The play is an intensely interesting one and very funny. There is lots of singing in it and some of the best voices in the city will be heard. The proceeds of the entertainment will go to the Patti & Clay Infirmary. As it will be a good show and for a good cause the opera house should be full to overflowing the night on which it is presented.

Am't You Joking, Louis? Editor Louis Landrum, of the Danville News-Gazette, says that there was an excellent ice harvest in Boyle county last week and many of the farmers filled their houses with fine quality of ice. As there was no freezing weather in this neck of the woods last week, nor has there been an ice season in Madison this winter, as at Madison is only about twenty-five miles from Boyle, we are inclined to the belief that our good friend Louis is either "just fooling" or has recently experienced one of those peculiar rains during which you dream about ice, ice water and other good cold things.

MOLES and WARTS

Removed with Moleooff, without pain or danger, no matter how large, or how far raised above the surface of the skin. And they will never return, and no trace of scar will be left where the Mole or Wart was seated. Moleooff is applied directly to the Mole or Wart, which entirely disappears in about 6 days, killing the germ, leaving the skin smooth and natural.

Letters from persons who we all know, together with much valuable information, are contained in an attractive booklet which will be mailed you free upon request.

Moleooff is put up only in one dollar bottles. Orders are filled immediately upon receipt of price and mailed in a plain case, accompanied by full directions, and contains enough remedy to remove six to ten ordinary Moles or Warts. We sell Moleooff under positive guarantee, if it fails to remove your Mole or Wart, we will promptly refund your dollar.

New Newspaper Issued by Masons.

Application was made to the post-office Friday for admission to second class rates of the smallest newspaper ever printed in Lexington. It is a monthly publication called the *Aeolus*, published by the Masonic Club of Lexington, with headquarters in the Phoenix Hotel, Room 21.

The paper is conducted entirely in the interest of Freemasonry and it is stated that no salary or remuneration of any kind, beyond the actual cost of printing and mailing, is received by any one connected with it. It issues 1,000 copies, which it distributes to club members, who are affiliates with the Masonic bodies in Lexington mostly, though some of them are in foreign countries and widely scattered over the country.

An advance copy of the next issue contains information concerning the secret order of Freemasonry quite at variance with the ideas of the general public as to the fraternity, in some respects. It is learned that "Freemasonry" is not the lodge or organization itself, but the name of the moral code taught in the lodge, which is said to be such that all men, regardless of religious opinions, can agree upon it.

The Choice of a Husband.

Is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these pitfalls by taking Dr. King's Life Pills. New strength, fine complexion, pure breath, cheerful spirits—things that win—follow their use. Easy, safe, sure 25c at all druggists. adv 1m

Express Companies Hard Hit.

It was John Wansamaker, who was Postmaster General at that time, who said that these four seasons why we had never had the parcel post, and they were the four express companies. By exerting tremendous influence in Congress and maintaining a big lobby the express companies successfully fought the parcel post for years, but justice finally prevailed against them, and their hired officials and the parcel post became a law at the last session of Congress, going into effect at the beginning of the year.

Coincidentally with the passage of the law there was a marked depression in the stock of the express companies and Postmaster General Hitchcock says that the innovation will finally put the express companies out of business. The public seems to think so too, for stock in the Adams dropped from \$200 to \$145 and in the American from \$300 to \$145 last week.

The express companies have long fattened off the necessities of the public and it is gratifying that their day of judgment has arrived. They were the most insolent and exorbitant of all public carriers and there will be no tears shed if they are entirely eliminated.—W. P. Walton in Lexington Herald.

Good "If" Story on Politics.

If all the members of the State Legislatures of 1913 in all the States could be assembled in mass meeting, the division along party lines would be as follows:

Democrats	3,867
Republicans	1,920
Progressives	1,002
Socialists	17
Independents	16

These figures, according to the Progressives, are prophetic. In the first place, they say, the progressives have elected a sufficient number of legislators to insist upon laws being enacted to carry out their platforms. The figures also tell of the hopeless division between the Republicans and the Progressives and the ascendancy of the Democrats, which it is declared will be maintained as long as there is the sharp division in the Republican party.

Motor Licenses Yield Large Sums.

Secretary of State Cracellins filed a report with Auditor Bosworth and turned into the State Treasury at Frankfort, \$27,975.00 collected as taxes on motor vehicles during the last six months of the year just closed. There was \$9,282.30 collected from this source during the first half of the year making a total of \$37,257.30 collected during the year. The automobile bill became effective June 14, 1910, and the collections from that date to Dec. 31, 1911, amounted to \$45,235.50, which shows that the automobile business is on the increase.

"Tell Me Not"—Again.

Tell me not in idle jingle,
Marriage is an idle dream.
For the man is blue that's single,
And a wife is what she seems.

Girls are proud and independent,
And they do not need a man.
They can carry out life's rough battle
Let men beat them if they can.

Working, yearning for the ballot,
Is their studied end and way,
And to act that each tomorrow,
Nearer brings the voting day.

Girls are sweet and kindhearted,
They sometimes take the man and ring,
In a time, perhaps, to sell it,
To pay the grocer's bill he brings.

Live of bachelors all remind us,
Of their fathers' poor things,
And departing leave behind them,
Spirits without buttons, shoes without strings.

Old dude, perhaps, to whom another,
Shirking thru life's solemn school,
Some dejected, jilted brother,
One day may some maiden fool.

Girls be wise, not demented,
Nor lured thru hymen's gate,
Still unmarried, still contented,
Let the lazy bachelors wait.

—A Woman.

The Kentucky State Board of Health, in its recent report, states that there are in Kentucky 20,000 cases of tuberculosis. Why don't they use Smith's Lung Tonic? Price \$7.00 per gallon. Listen to this statement:

"My daughter was ill for about five years with consumption, we were told she wouldn't live three months. When we commenced the use of Smith's Lung Tonic, she began immediately to improve. She used one gallon and was entirely cured. We had used a number of other things without a success. I cheerfully recommend this medicine as one of the best medicines I ever used in my family."

JUDIE W. H. BLANTON,
Feb. 13, 1908.
Jackson, Ky.
Philip Barnard, New Philadelphia, Ohio, states:

"I had three specialists to treat my wife; they told me she had tuberculosis or consumption and could not get well. I had used numerous remedies before I sent for the specialists; finally, as a last resort, I sent for a gallon of Smith's Lung Tonic. She is now well and has been since December 1911."

Smith's Lung Tonic is just like Smith's Liniment. 40 years test has proven this liniment the best. Who doubts it? The man who has never tried it.
